- The Tiny Tots Programme will be packed with dance, crafts and outdoor interactive activities and water playtime having a different theme every week.
- We have selected some of the most magical ballets of all time and created a weekly programme of activities for our students to enjoy, which will motivate their interest in dance, stimulate their senses and co-ordination and act as an ideal introduction to the magical world of dance.

- Dance classes will encourage children's musicality and trigger off their imagination.
- During craft time they will be creating an array of dance related items.
- Outdoor play will allow them the time to strengthen their motor skills after which they will freshen up with water play time.

The day will end with story telling and watching the ballets selected for the various themes of our programme.

APPLICATIONS are available online.

The course is open to both male and female students and is an ideal opportunity for beginner students of any age.

ALLOCATION OF CLASSES BY STUDENTS' AGE & ABILITY

Students will be placed in a dance class which reflects their ability and experience. This will be initially decided by the Organiser upon application and monitored daily by the members of the teaching faculty.

Students who have studied in other ballet methods are welcome to apply and they should indicate their level on the application form.

The **Junior Programme** offers daily classes in Ballet Technique, Floor Barre, Flexibility and Strengthening, and Modern Theatre Dance.

In addition to the above, older students will also have Pointe Work, Repertoire and Contemporary Dance.

Other educational activities related to dance, its history and development will be incorporated in the programme.

The **Teens Programme** will be exploring a wide variety of different facets of Ballet and Dance and their origins. Along with challenging and exhilarating classes! This programme will be catering for the level of the students and classes will be set to challenge students to their ability and further.
